and

## **Interactive Session with Liquidators**

on issues faced in liquidation in the wake of COVID-19 pandemic on Saturday, 9<sup>th</sup> May, 2020 From 11.00 to 13.00 hrs.

The outbreak of COVID-19 pandemic is presenting trying times for humanity. We all must stand together to defeat this challenge. As market tumbles and economy takes a nosedive, financial distress and credit defaults may potentially bring large number of companies into stress.

The role of Insolvency Professionals is similar to caregivers rescuing persons in distress. The ongoing pandemic and related measures like lockdown have given rise to various issues which may require clarification and handholding relating to CIRP and liquidation processes. In order to facilitate professional assignments, IBBI in association with IIIP of ICAI is organising two interactive sessions for IPs. It will include discussions on the said issues and speakers/experts will attempt to address them during the sessions.
