Peer Review Mechanism

IIIPI has recently launched the Peer Review Framework and online-portal for the usage by IIIPI's members. Peer Review refers to an examination of a professional's performance or practices in a particular area by other experienced professionals in the same area. The Peer Review Process attempts to provide a comprehensive framework to benchmark the professional services under review to help improving performance, decision making, adoption of best practices and standards including ethics, compliance with relevant laws, established standards and principles. This Peer Review Mechanism is a proactive, and pre-emptive measure by IPs to enthruse confidence in stakeholders and regulator.
